Relevant Coursework: Computer Systems, Software Development, Data Structures, Discrete Structures, Database Systems
Capital One Consult for America Case Competition: Designed a product wireframe, conducted market research, and developed innovative business solutions for Capital One outperforming 100+ teams nationwide to earn 3rd place. (2025)
Daniels Fund Business Ethics Debate - Placed 3rd against 80 competitors in debates on stakeholder-centered business ethics. (2026)

CONSULTING & STRATEGY EXPERIENCE

AI Club May 2026-Present
VP of Education
- Led the development of a 6 week course designed in collaboration with industry professionals and trained over 25 students to go from using AI products to building them.

AI and Automation Implementation May 2026-Present
Implementation Specialist
- Developed a web scraper that found and ranked the top companies in specified areas that fit my client's customer segment.
- Developed a website that included sales funnels, scheduling, and relevant information to land clients for my customer.

Leeds Consulting Group February 2025-Present
Senior Analyst - VP of Membership Boulder, CO
- Authored a case interview and grading rubric used in candidate assessments to evaluate 30 prospective members.
- Facilitated weekly meetings, increasing attendance to 40+ weekly members while coordinating communications across club members and applicants.

Engagement Manager - TOPEKA (Music Vacation Company) February 2026-May 2026
- Led a team of four analysts to research and design a customized hospitality training program for TOPEKA, aligning service strategy with company culture and operational goals.

Engagement Manager - Hyland Hills (Community Parks and Recreation, Colorado Water World) February 2025-April 2025
- Developed sustainability-driven business solutions projected to improve profitability by $6.42M and decrease emissions by over 2,350 Metric Tons of CO_2 over 10 years.

Engagement Analyst - Young Americans Bank (Youth Centered Bank) September 2025-November 2025
- Analyzed company data to identify growth opportunities and developed strategic recommendations to expand market share.

Young Life CU March 2025-Present
Sophomore Leader Boulder, CO
- Lead two weekly events for 150+ students at CU Boulder, developing my logistics and student communication skills.

Student Led Chess Association (National High School Chess Organization) August 2025-August 2026
Chairman of The Board National
- Developed nonprofit compliance expertise to help advise the finance team on restoring SLCA's 501(c)(3) status, and collaborated across multiple teams despite limited prior nonprofit experience.
- Supported the National Team in defining a clear strategic vision and ensuring execution aligns with organizational goals.

Threshold (Data Visualization Startup) October 2024-April 2025
Software Developer Intern Boulder, CO
- Partnered with the founder and personally developed a new product that included REST API development, data transformation via AI, and massaging data to fit into force-directed graphs.
- Debugged and resolved front-end and back-end issues, improving application stability and user experience.

Innovation Center (IC) Leadership Team January 2022-June 2024
Founder and President Longmont, CO
- Found a gap in the IC marketing and leadership development, created a proposal to fund a team that would fill that gap. The proposal led to $10k in funding, 30+ students received leadership development, and 50+ students were introduced to the IC.

Anark (Manufacturing Software Company) October 2022-June 2023
Quality Assurance (QA) Engineer Intern Longmont, CO
- Collaborated with other QA engineers to identify 100+ software issues, personally uncovering a high-severity bug that could shut down Anark's servers, helping ensure a stable, reliable release.

JOB EXPERIENCE

Rocky Mountain Fresh July 2023-August 2025
Sales Associate Boulder, CO
- Enhanced customer experience through tailored product recommendations and effective upselling, directly contributing to multiple record-setting sales days over $15k.
